A Science Project

Waiver for Teacher *(or Designated Supervisor)*

The Teacher must read and sign this form prior to his or her students participating in a Digital Bus Science Project. "The Teacher" refers to the leader of a group of participants who will be the Designated Supervisor of these children .

Dear Teacher:

You and your students have the opportunity to participate in a science project with The Maui Digital Bus. Our mission is to cultivate skills and interest in science and technology among the youth of Maui Nui.

During a Digital Bus Science Project, children will utilize cutting edge technology and science equipment on board the Digital Bus and/or in the regular classroom environment. Some projects involve field-based research, in which case the classroom teacher will provide additional field trip permission forms and transportation arrangement information. The Digital Bus does not transport children. It is a mobile science and technology classroom which students use only while the bus is parked.

Please read the fill out and read the following information and sign the bottom. Mahalo.

Digital Bus Access and Use

I, _____ *(print full name),* understand that my primary role throughout the Digital Bus Science Project is as the supervising teacher.

I understand that any inappropriate or unacceptable conduct during my students' access to and use of the Digital Bus, including inappropriate use of the Internet, shall be grounds for revoking or suspending her/his access to and use of the Digital Bus.

I understand and agree that pictures taken of me while accessing or using the Digital Bus could be published on the Internet at the sole discretion of Akimeka LLC.

I agree to waive and release Akimeka LLC, its officers, directors, employees, and agents and agree to not sue any such person for any claims arising from an accident while accessing or using the Digital Bus.
